CITY OF TAMARAC INTEROFFICE MEMORANDUM FINANCIAL SERVICES DEPARTMENT

TO: Michael C. Cernech City Manager DATE: August 10, 2016

FROM: Mark C. Mason Director of Financial Services RE: Fire Assessment Rate Resolution -Temporary Resolution #12828

Recommendation:

Place TR #12828 Fire Rescue Assessment Annual Rate Resolution on the agenda for adoption by the City Commission at the Public Hearing on September 12, 2016.

lssue:

The City of Tamarac implemented a fire rescue special assessment program to provide a portion of the funding for the City's fire rescue services and facilities in FY 1997 with the adoption of Ordinance No. O-96-8. The fire rescue assessment fee must be adopted annually by resolution.

Background:

The City contracts with Government Services Group, Inc., for professional service assistance relating to the imposition of fire rescue assessments. The legal requirements for re-imposition of Fire Rescue Assessments for FY 2017 include preparation of the assessment roll, newspaper publication of a notice of the City's intent to levy such assessments, and first class mail notifications as required.

On July 13, 2016, Preliminary Fire Assessment Rate Resolution R-2016-64 was approved by the City Commission. This resolution authorized the publication of the preliminary fire assessment rates included on the TRIM notices mailed by the Broward County Property Appraiser. The proposed residential rate for FY 2017 is \$350 per dwelling unit. The non-residential rates will continue to be determined by the classification type and the square footage of the specific property. The fire rescue assessment is a specific revenue source that can only be utilized in support of the Fire Rescue Department. Utilizing this specific revenue source for its only allowable purpose enables the City to use General Fund revenues that would otherwise be needed for support of the Fire Rescue Department's budget for other general city operations.

Notice of a public hearing to be held on September 12, 2016, at 5:05 p.m., in the City Commission Chambers was published in the Sun Sentinel on August 21, 2016. Temporary Resolution #12828 will be presented to the Commission at the public hearing to establish and impose the rate of assessment against property located within the City, and to approve the assessment roll. The Non-Ad Valorem Assessment roll will then be certified and sent to the Tax Collector after approval of the Final Assessment Resolution. The fire assessment will appear, as it has in previous years, on the property owner's tax bill which the County mails out in November.

Fiscal Impact

The proposed rates will generate approximately \$13,757,394 million in net revenues in support of Fire Rescue Operations.

CITY OF TAMARAC INTEROFFICE MEMORANDUM FINANCIAL SERVICES DEPARTMENT MANAGEMENT AND BUDGET DIVISION			
TO:	Michael C. Cernech City Manager	DATE:	August 10, 2016
FROM:	Mark C. Mason Director of Financial Services	RE:	FY 2017 Solid Waste Collection Annual Rate Assessment - TR#12829

Recommendation:

Place TR #12829 Residential Solid Waste Collection Annual Rate Assessment on the agenda for adoption by the City Commission at the Public Hearing on September 12, 2016.

lssue:

On April 25, 2012, the City Commission adopted Ordinance No. 2012-09 providing for the home rule authority of the City to impose Residential Solid Waste Collection Services Special Assessments against Residential property with the City. This ordinance requires that the Annual Solid Waste Collection Assessment be adopted annually.

Background:

On December 14, 2011, the City Commission approved Resolution 2011-140 approving the use of the Uniform Method for the Levy and Collection of Non-Ad Valorem Special Assessments for Residential Solid Waste Collection Services for the fiscal year beginning October 1, 2012. On April 25, 2012, the City Commission adopted Ordinance No. 2012-09 providing for the home rule authority of the City to impose Residential Solid Waste Collection Services Special Assessments against Residential property with the City. On July 13, 2016 the City Commission approved Resolution No. R-2016-66 establishing the initial Solid Waste Collection Services Assessment Rate. This resolution is the annual rate resolution.

This assessment is an equitable and efficient method of allocating and collecting the Residential Solid Waste Collection Services Assessed Cost among parcels of assessed property. This resolution represents the annual assessment resolution adopted annually as defined in the Ordinance. Residential Property means those tax parcels with a code description designated as "residential" within the improvement codes that receive residential solid waste collection services by the City through its franchise agreement; provided that multi-family residential properties that receive commercial solid waste collection services (volume-based) are not included in the definition of "Residential Property" for purposes of the Residential Solid Waste Collection Special Assessment.

In order to impose this Residential Solid Waste Collection Services special assessment, the ordinance requires the City Commission to adopt an annual rate resolution each fiscal year which occurs during its budget adoption process.

The proposed Residential Solid Waste Collection Services special assessment for Fiscal Year 2017 is \$273.75 per unit which is the same as Fiscal Year 2016 and includes the cost of RecycleBank approved by the City Commission.

Fiscal Impact:

This assessment sets the residential rate per unit at \$273.75. The Residential Solid Waste Collection Services Special Assessment will provide estimated gross revenue in the amount of \$4,828,950. The City has a Franchise Agreement with Waste Management, Inc. of Florida and these costs are considered to be a pass through cost for Residential Collection Services. In addition, the City pays the disposal fee per ton directly to Wheelabrator as part of the collection services and is considered to be a pass through cost. As such, there is no budget associated with these pass through services.

After approval of the final assessment resolution, the non-ad valorem assessment roll will be certified and sent to the Tax Collector.

CITY OF TAMARAC INTEROFFICE MEMORANDUM FINANCIAL SERVICES DEPARTMENT MANAGEMENT AND BUDGET DIVISION

TO: Michael C. Cernech City Manager DATE: August 10, 2016

FROM: Mark C. Mason Director of Financial Services

RE: FY 2017 Stormwater Utility Management Fee Special Assessments - TR#12830

Recommendation:

The Financial Services Director recommends placing TR#12830 Stormwater Utility Management Fee Annual Rate Assessment on the agenda for adoption by the City Commission at the Public Hearing on September 12, 2016 for the Fiscal Year beginning October 1, 2016.

<u>lssue:</u>

On April 24, 2013, the City Commission adopted Ordinance No. 2013-05 providing for the home rule authority of the City to impose Stormwater Utility Management Fee Special Assessments against the assessed property within the City of Tamarac. The City currently bills the stormwater utility management fee via the water bill. Ordinance No. 2013-05 requires that a rate assessment resolution be adopted annually.

Background:

On April 24, 2013, the City Commission adopted Ordinance No. 2013-05 providing for the home rule authority of the City to impose Stormwater Utility Management Fee Special Assessments against the assessed property within the City. Fiscal Year 2014 was the first year the assessments appeared on the tax bills.

On July 13, 2016, the City Commission adopted Resolution 2016-65 establishing the preliminary Stormwater Management Utility Fee Assessment for the Fiscal Year beginning October 1, 2016, directed the preparation of the preliminary Stormwater Management Utility Fee Roll, and directed notice for the public hearing as provided in the Ordinance

This assessment is an equitable and efficient method of allocating and collecting the Stormwater Utility Management Fee Assessed Cost among parcels of assessed property. In order to impose this Stormwater Utility Management Fee special assessment, the ordinance requires the City Commission to adopt an annual rate resolution each fiscal year which occurs during its budget adoption process. The Resolution establishes the rate of assessment and approves the assessment role for the upcoming fiscal year.

The proposed Fiscal Year 2017 Stormwater Utility Management Fee special assessment for all properties within the boundaries of the City of Tamarac is \$120.49 per Equivalent Residential Unit (ERU) which is \$3.48 higher than the rate of \$117.01 for Fiscal Year 2016. The increase of \$3.48 is 2.98% more than the prior year which is consistent with Section 22-254, Code of Ordinances.

Fiscal Impact:

This assessment sets the Stormwater Utility Management Fee at \$120.49 per ERU. The stormwater utility management fee assessment will provide estimated gross revenue in the amount of \$6,163,012, net of the exempt buy-down of \$332,481, resulting in estimated net revenue of \$5,539,004 at 95% of the gross fees for stormwater utility management services. The 95% takes into account discounts, tax collector fees, and non-payments.

After approval of the final assessment resolution, the non-ad valorem assessment roll will be certified and sent to the Tax Collector.

RESOLUTION NO. R-2016-____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF TAMARAC, FLORIDA, RELATING TO THE LEVY AND COLLECTION OF THE CITY'S STORMWATER MANAGEMENT UTILITY FEE WITHIN THE MUNICIPAL BOUNDARIES OF THE CITY OF TAMARAC FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2016; APPROVING, CONFIRMING, AND ADOPTING THE STORMWATER MANAGEMENT UTILITY FEE AND STORMWATER MANAGEMENT UTILITY FEE ROLL; PROVIDING FOR OTHER MATTERS RELATING TO THE LEVY AND COLLECTION OF THE STORMWATER MANAGEMENT UTILITY FEE ON THE ANNUAL PROPERTY TAX BILLS; PROVIDING FOR CONFLICT; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, on April 24, 2013, the Tamarac City Commission adopted Ordinance 2013-05 (the "Ordinance"), which amended Chapter 22 of the City's Code of Ordinances to confirm the authority to levy and collect a Stormwater Management Utility Fee to fund a portion of the City's Stormwater Utility, and to authorize use of the State of Florida Uniform Assessment Collection Act to collect the Stormwater Management Utility Fee on the annual property tax bills; and

WHEREAS, on July 13, 2016, the City Commission adopted Resolution 2016-65 (the "Preliminary Fee Resolution"), which contained legislative findings in support of the Stormwater Management Utility Fee, a brief description of the Stormwater Service Area and services to be funded by the Stormwater Management Utility Fee, described the method for determining the Stormwater Management Utility Fee, established the preliminary Stormwater Management Utility Fees for the Fiscal Year beginning October 1, 2016, directed the preparation of the preliminary Stormwater Management Utility Fee Roll, and directed notice for the public hearing as provided in the Ordinance; and

WHEREAS, pursuant to the Ordinance, the City is required to hold a duly noticed public hearing to consider comments and objections of all interested parties, and to confirm, amend, or repeal the Preliminary Fee Resolution and preliminary Stormwater Management Utility Fee Roll; and

WHEREAS, notice of a public hearing has been published and mailed, which provided notice to all interested persons of an opportunity to be heard. An affidavit regarding the notice of mailing is attached hereto as Appendix "A" and the proof of publication is attached hereto as Appendix "B"; and,

WHEREAS, the City has provided proper notice of the hearing, through U.S. mail using the annual TRIM Notices, and publication in a newspaper generally circulated within Broward County, Florida, to each person owning property subject to the Stormwater Management Utility Fee; and

WHEREAS, the preliminary Stormwater Management Utility Fee Roll has been available for inspection by the public since the adoption of the Preliminary Fee Resolution; and,

WHEREAS, the City held a public hearing on September 12, 2016, to confirm and levy the Stormwater Management Utility Fee to fund a portion of the City's Stormwater Utility within the City; and

WHEREAS, affected property owners have had the right to file written objections to the Stormwater Management Utility Fee, and to appear at the public hearing; and

WHEREAS, the City Commission has considered any written objections received by the City, heard testimony from interested persons present at the public hearing, and considered all objections relating to the Stormwater Management Utility Fee; and,

WHEREAS, the City Commission hereby levies the Stormwater Management Utility Fee for the Fiscal Year beginning October 1, 2016.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF TAMARAC, THAT:

Section 1. The foregoing "Whereas" clauses are hereby ratified and confirmed as being

true and correct, and are hereby made a specific part of this Resolution upon adoption hereof.

Section 2. This Resolution is adopted pursuant to the Ordinance, the Preliminary Fee Resolution, Article VIII, Section 2 of the Florida Constitution, Chapters 166 and 403, Florida Statutes, and other applicable provisions of law. It constitutes the Annual Fee Resolution as defined in the Ordinance. All legislative findings set forth in the Ordinance and the Preliminary Fee Resolution are hereby readopted, confirmed, and ratified herein, and terms defined in the Ordinance and Preliminary Fee Resolution shall have the same meaning herein.

Section 3. It is necessary, serves a City and public purpose, and is in the best interests of the City to levy and collect the Stormwater Management Utility Fee in order to fund a portion of the City's Stormwater Management Utility Services.

Section 4. The method for computing the Stormwater Management Utility Fees provided and described in the Ordinance and the Preliminary Fee Resolution, and briefly hereinafter, is hereby approved.

Section 5. The Stormwater Service Costs to be charged for the Fiscal Year commencing October 1, 2016, shall be \$5,830,531. The approval of this Annual Fee Resolution determines the amount of the Stormwater Services Assessed Costs. The remainder of Fiscal Year budget for Stormwater Services shall be funded from available City revenue other than the Stormwater Management Utility Fee.

Section 6. The Stormwater Management Utility Fees to be levied and collected for the Fiscal Year beginning October 1, 2016, shall be generally as follows, as more particularly described in the Ordinance and the Preliminary Fee Resolution:

- An "Equivalent Residential Unit" (ERU) shall be the basic unit for the computation of stormwater service charges. An ERU is defined as 1830 square feet of impervious area, which is the impervious area of average Residential Property within the Stormwater Service Area.
- The charge in the Fiscal Year beginning on October 1, 2016 per ERU for all improved properties within the City of Tamarac corporate limits shall be One Hundred Twenty and 49/100 Dollars (\$120.49).
- The Stormwater Management Utility Fee imposed for residential properties shall be the rate for one (1) ERU per unit, which is \$120.49 for the Fiscal Year beginning October 1, 2016.
- The Stormwater Management Utility Fee for Non-Residential Property shall be calculated using the formula set forth in Section 22-254 of the City's Code of Ordinances.

• For each parcel of Undeveloped Property, the Stormwater Management Utility Fee shall be 1.6237 ERUs per acre or portion thereof.

These Stormwater Management Utility Fees are hereby established to fund the Stormwater Services Costs in the Fiscal Year beginning October 1, 2016.

Section 7. All reductions or exemptions set forth in the Preliminary Fee Resolution are hereby confirmed. Any shortfall in the expected proceeds from the Stormwater Management Utility Fee due to any reduction or exemption from payment of the Stormwater Management Utility Fee required by law or authorized by the City Commission shall be supplemented by any legally available funds, or combination of such funds, and shall not be paid for by proceeds or funds derived from the Stormwater Management Utility Fee collected through the Uniform Assessment Collection Act. In the event a court of competent jurisdiction determines any exemption or reduction by the City Commission is improper or otherwise adversely affects the validity of the Stormwater Management Utility Fee imposed for this Fiscal Year, the sole and exclusive remedy shall be the imposition of a Stormwater Management Utility Fee that would have been otherwise imposed save for such reduction or exemption afforded to such Tax Parcel.

Section 8. The above Stormwater Management Utility Fees are hereby approved, levied and imposed on all parcels described in the Stormwater Management Utility Fee Roll, as defined in the Ordinance, for the fiscal year beginning on October 1, 2016.

Section 9. The Stormwater Management Utility Fee Roll, as defined in the Ordinance, and as adopted and approved herein, shall be certified by the Mayor or his designee.

Section 10. The Stormwater Management Utility Fee Roll, as defined in the Ordinance, shall be filed with the City Clerk and the Stormwater Management Utility Fees set forth therein

shall stand confirmed. All Stormwater Management Utility Fees shall constitute legal, valid, and binding first liens, unless otherwise provided by law, upon property against which such Stormwater Management Utility Fee s are made until paid.

Section 11. The Stormwater Management Utility Fee Roll, as adopted and approved herein, shall be certified by the Stormwater Management Utility Fee Coordinator and delivered no later than September 15, 2016, to the Broward County Finance and Administrative Services Department, which pursuant to the Broward County Charter performs all functions and duties of the office of tax collector.

Section 12. The adoption of this Annual Fee Resolution shall be the final adjudication of any and all issues relating to the City's Stormwater Management Utility Fee (including, but not limited to, the methods of calculation and the amount of Stormwater Management Utility Fee levied on a parcel) unless proper steps are initiated in a court of competent jurisdiction within twenty (20) days of the adoption of this Final Stormwater Management Utility Fee Resolution.

Section 13. All resolutions or parts of resolutions in conflict herewith are hereby repealed to the extent of such conflict.

Section 14. If any clause, section, other part or application of this Resolution is held by any court of competent jurisdiction to be unconstitutional or invalid, in part or application, it shall not affect the validity of the remaining portions or applications of this Resolution.

Section 15. This Resolution shall become effective immediately upon its passage and adoption.

Recommendation:

Please place TR#12831 Nuisance Abatement Special Assessment on the agenda for adoption by the City Commission at the Public Hearing on September 12, 2016.

Issue:

On May 9, 2012, the City Commission adopted Ordinance No. 2012-10 providing for the home rule authority of the City to impose Special Assessments against Residential property within the City for costs expended in cleaning up a property that meet the definition of a Public Nuisance.

Background:

The City of Tamarac expends funds to abate public nuisances on a regular basis. The City generally recovers the funds expended by placing a lien on the property pursuant to Chapter 162 F.S.

On May 9, 2012, the City Commission adopted Ordinance No. 2012-10 providing for the home rule authority of the City to impose Special Assessments against Residential property within the City for costs expended in cleaning up a property that meets the definition of a Public Nuisance.

On July 13, 2016, the City Commission adopted Resolution 2016-67 establishing the preliminary Nuisance Abatement Assessment roll for the Fiscal Year beginning October 1, 2016 and directed notice for the public hearing as provided in the Ordinance.

This assessment is an equitable and efficient method of collecting the costs expended by the City of Tamarac to abate public nuisances on the property. This resolution constitutes the final assessment resolution establishing the Nuisance Abatement Special Assessment Roll and directs the imposition of a Nuisance Abatement Assessment for the Fiscal Year beginning October 1, 2016.

The total amount of the assessment is \$5,819.53 and was advertised as such. The total amount of the assessment includes the Broward County Property Appraiser fee, the Tax Collector Fee, an administrative fee to develop the assessment, and a gross up for the discounts authorized by Florida Statues when paid early.

Fiscal Impact:

This assessment sets individual fees against real property in the City for the cost of abating public nuisances by the City of Tamarac. The Nuisance Abatement Special Assessment will provide estimated gross revenue in the amount of \$5,819.53.

After approval of the final assessment resolution, the non-ad valorem assessment roll will be certified and sent to the Tax Collector.

CITY OF TAMARAC INTEROFFICE MEMORANDUM FINANCE DEPARTMENT

TO:	Michael C. Cernech City Manager	DATE:	August 30, 2016
FROM:	Mark C. Mason Muthematical Mark C. Mason Director of Financial Services	RE:	Temporary Ordinance #2346 – Setting Millage Rates for FY 2017

Recommendation:

The Director of Financial Services recommends that TO # 2346 for the setting of millage rates for Fiscal Year 2017 be placed on the agenda for the first Public Hearing on September 12, 2016 and for the second Public Hearing on September 22, 2016.

<u>lssue:</u>

State law requires that municipalities set a tentative millage rate at the first Public Hearing and adopt a millage rate at a second Public Hearing.

Background:

The first public hearing for the City of Tamarac Fiscal Year 2017 Millage Rates and Budget is Monday, September 12 2016, at 5:05 p.m. The second public hearing for the City of Tamarac Fiscal Year 2017 Millage Rates and Budget is Thursday, September 22, 2016, at 5:05 p.m.

Florida Statutes requires that the millage rate be adopted at a public hearing. Temporary Ordinance #2346 provides for the adoption of the millage rates for Fiscal Year 2017 for the City's General Fund and for the annual debt service for the City of Tamarac, Florida, General Obligation Bonds, Series 1998. The proposed millage rate of 7.2899 mills was established as a not to exceed millage rate by the City Commission on July 13, 2016 pursuant to Resolution R-2016-68 and authorized to be published on the TRIM notices. The proposed millage rate of 7.2899 for the Fiscal Year 2016 General Fund Budget is an increase of 0.5721 mills above the rolled-back millage rate of 6.7178 or an 8.52% increase.

The proposed Fiscal Year 2017 Debt Service millage rate of 0.0872 was established as a not to exceed millage by the City Commission on July 13, 2016 pursuant to Resolution R-2016-68 and authorized to be published on the TRIM notices. Subsequent to the July 13, 2016 City Commission meeting the Debt Service fund for the General Obligation Bond Series 1998 was forecasted through the end of its term and was determined to have sufficient savings to decrease the recommended millage rate to from .0872 mills to .0739 mills which is 0.0133 mills or 15.25% less than the proposed rate of .0872 mills and is .0213 mills or 22.37% less than the current millage rated of .0952 mills. This will be the final year of the millage rate.

Fiscal Impact

The General Fund millage rate of 7.2899 will generate a total tax levy of \$23,142,079, which represents 100 percent of the proposed tax levy. The Debt Service millage rate of .0739 will

generate a total tax levy of \$234,599 representing 100% of the proposed tax levy. Based on the approved financial policies and Florida Statutes, the FY 2017 Tentative Budget is funded at 95% of the tax levies for both the General Fund and the General Obligation Bond Fund or \$21,984,175 and \$222,869, respectively. The General Fund amount of \$21,984,175 represents the total funding to support all programs outlined in the FY 2017 Tentative Budget.

CITY OF TAMARAC INTEROFFICE MEMORANDUM FINANCE DEPARTMENT MANAGEMENT & BUDGET DIVISION

TO:	Michael C. Cernech City Manager				
FROM:	Mark C. Mason Director of Financial Services				

DATE: September 1, 2016

RE: Budget Ordinance Temporary Ordinance #2347

Recommendation:

The Director of Financial Services recommends that TO # 2347 for the adoption of the Fiscal Year 2017 Operating Budget, Capital Budget and Financial Policies be placed on the agenda for the first Public Hearing on Monday, September 12, 2016 and for the final Public Hearing on Thursday, September 22, 2016.

<u>lssue:</u>

State law requires that municipalities set a tentative budget at the first Public Hearing and adopt a final budget at a second Public Hearing.

Background:

Monday, September 12, 2016, at 5:05 p.m., is the first public hearing for the City of Tamarac Fiscal Year 2017 Budget. The FY 2017 Budget process began early in the year with the review of department budget submittals. During meetings in May, the City Manager reviewed the budget and finalized his recommendations. The Fiscal Year 2017 Proposed Budget was delivered to the City Commission on June 14, 2016.

On June 23, 2016, a Commission Budget Workshop was held for the purpose of presenting the City Manager's Proposed Budget for Fiscal Year 2017. During the course of the workshop, management provided information regarding the proposed budget, a recommended operating millage rate of 7.2899 mills, a debt service millage rate of .0872 mills and advised that during the intervening two months before the first public hearing on September 12, 2016 that staff would continue to fine tune the proposed budget. TO 2347 incorporates the Commission's recommendations as well as other adjustments as detailed below.

Following receipt of the Certified Taxable Values from the Broward County Property Appraiser's (BCPA) office whereby the taxable value increased by \$7.0 million, the operating budget millage rates is recommended to remain at 7.2899 mills however, the Voted Debt Service Levy is recommended to decrease from .0872 mills to .0739 mills. These tentative millage rates of 7.2899 mills and .0739 mills are included in TO 2346. The recommended Operating Millage Rate of 7.2899 and Voted Debt Service Levy of .0872 mills were approved as not to exceed millage rates by the City Commission on July 13, 2016 via Resolution 2016-68 and transmitted to the BCPA accordingly for TRIM Notice purposes.

The summary below provides adjustments by fund type that have been made since the Commission Workshop on June 23, 2016 and reflects the proposed millage rate in the Tentative Budget.

The National Advisory Council on State and Local Budgeting (NACSLB) developed a comprehensive set of recommended budget practices that has been endorsed by the Government Finance Officers Association, ICMA, academia, etc. These recommended practices provide a framework for the budget process encompassing a broad scope of governmental planning and decision-making with regard to the use of resources.

NACSLB Principal 2, Element 4, "Adopt Financial Policies" addresses the need for jurisdictions to establish policies to help frame resource allocation decisions. As such, the following are five categories of recommended financial management policies developed within these guidelines with the associated measurable benchmarks for adoption by the City Commission. The five categories are Operating Management, Debt Management, Investment Management, Account Management and Financial Planning & Economic Resources and are detailed below:

OPERATING MANAGEMENT

Policy #1:

Revenue estimates for annual budget purposes should be conservative. In this light, General Fund revenues should be budgeted in the manner delineated below.

1.1. Property taxes should be budgeted at 95% of the Property Appraiser's estimate as of July.

1.2. State shared revenues should be budgeted at 95% of the State Department of Revenue estimate. This includes the Communication Services Tax, Half-cent Sales Tax and State Revenue Sharing.

1.3. Franchise fee revenue should be budgeted at 95% of the maximum estimate prepared by Financial Services Department.

1.4. Public Service Taxes on Electric, Propane and Natural Gas should be budgeted at 95% of the maximum estimate prepared by the Financial Services Department.

Policy #2:

The annual budget should be maintained in such a manner as to avoid an operating fund deficit. The annual budget should show fiscal restraint. Expenditures should be managed to create a positive cash balance (surplus) in each fund at the end of the fiscal year.

Policy #3:

The City should maintain a prudent cash management and investment program in order to meet daily cash requirements, increase the amount available for investment, and earn the maximum rate of return on invested funds commensurate with appropriate security. The City will use the following performance benchmarks for its investment portfolio.

3.1. The Bank of America Merrill Lynch 1-3 Year US Treasury & Agency Index which is a subset of The Bank of America Merrill Lynch US Treasury & Agency Index including all securities with a remaining term to final maturity less than 3 years, will be used as a benchmark for the performance of funds designated as core funds and other non-operating funds that have a longer-term investment horizon. The index will be used as a benchmark to be compared to the portfolio's total rate of return.

3.2. The S & P rated LGIP Index/All will be used as a benchmark as compared to the portfolio's net book value rate of return for current operating funds.

Policy #4:

The City shall maintain a minimum undesignated fund balance in the General Fund of 5% of annual expenditures, including Interfund transfers out.

Reserve funds shall not be used to fund recurring expenditures. Fund balances should be maintained at fiscally sound levels in all funds. Such levels are delineated below.

Reserved/Designated: Disaster Reserve

The disaster reserves are to be used in emergency situations and as a match for Federal Emergency Management Agency (FEMA) funds.

Type of Reserve	FY 2017	FY 2018	FY 2019
Disaster Reserve	\$1,000,000	\$1,000,000	\$1,000,000

Reserves shall be used to fund emergency replacements and/or damaged equipment vehicles only as categorized below:

Type of Reserve	FY 2017	FY 2018	FY 2019
Facilities Maintenance	\$400,000	\$400,000	\$400,000
Land Acquisition	\$3,000,000	\$3,000,000	\$3,000,000
Economic Development	\$500,000	\$500,000	\$500,000
Technology Replacement	\$100,000	\$100,000	\$100,000

After all general fund minimum reserve balances have been met; excess undesignated reserves may be set aside to provide additional funding in any designated reserve.

Water & Sewer Fund:

- An operating reserve balance of three months of operating and maintenance expenses or a minimum of \$5,000,000.
- Any surplus revenue in excess of this operating reserve minimum balance target is utilized to pay for all or a portion of the cost of capital projects.

Stormwater Fund:

• A working capital reserve of 10% of annual revenues shall be budgeted in the annual budget for the then current fiscal year. This amount is not cumulative.

Policy #5:

The City shall maintain adequate protection from loss due to property damage or liabilities of the City. The City shall maintain a risk fund for workers' compensation and property/liability and ensure adequate resources are available to support the value of incurred but not reported (IBNR) claims.

Policy #6:

The City will not commit itself to the full extent of its taxing authority.

Policy #7:

The City will not fund ordinary recurring municipal services with temporary or nonrecurring revenue sources.

Policy #8:

The City will maintain a cost allocation process by which the General Fund is reimbursed for actual indirect costs associated with providing services to other operating funds.

Policy #9:

All fee schedules and user charges should be reviewed annually for adjustment to ensure that rates are equitable and cover the total cost of the service or that portion of the total cost established by policy of the Tamarac City Commission. The following framework is recommended by the administration to be applied to user fees:

9.1 Total Fee Support (100%):

Enterprise Funds:

- Water/Sewer
- Stormwater

Special Revenue Funds:

Building Fund

9.2 Moderate Fee Support (40 - 100%)

General Fund:

- Planning
- Zoning

9.3 Parks & Recreation – Fees shall be established in accordance with Administrative Policy 04-03. Parks & Recreation Fees shall be adjusted annually to maintain, at a minimum, the same percentage of cost recovery as in the prior year.

Policy #10:

Payment in Lieu of Taxes shall be charged to the Utilities and Stormwater funds at the rate of 6% of revenue for the purpose of recovering the costs associated with administering the use of, maintenance of, and ensuring the safe use of its streets, rights-of-way and public owned properties used by the utilities and storm water funds in providing and furnishing services to its customers.

Policy #11:

The financial burden on the City's taxpayers must be minimized through systematic annual program reviews and evaluation aimed at improving the efficiency and effectiveness of City programs. As such, the annual budget will be based on a City-wide work program of goals, implemented by departmental goals and objectives.

Policy #12:

The City's role in social service funding should be supplemental (addressing special or unique local needs) to the basic responsibilities of regional agencies. Funding shall be restricted to those funds provided through the Community Development Block Grant (C.D.B.G) program.

Policy #13:

City management is responsible for recovery of budgeted and non-ad valorem revenues as planned for in the budget. Management shall maintain adequate billing and claiming processes in order to effectively manage their accounts receivable systems in conformance with the fiscal plan and sound business principles.

Policy #14:

The City will annually review the Capital Improvements Element of the Comprehensive Plan to ensure that required fiscal resources will be available to provide the public facilities needed to support the adopted level of service standards.

Policy #15:

The City will annually prepare a six-year asset management program. The asset management program will identify the source of funding for all projects, as well as the impact on future operating costs.

Policy #16:

Every appropriation, except an appropriation for capital improvement expenditures and multi-year grants, shall lapse at the close of the fiscal year to the extent that it has not been expended or encumbered. An appropriation for a capital improvement expenditure and a multi-year grant shall continue in force, i.e. not be required to be re-budgeted, until the purpose for which it was made has been accomplished or abandoned; the purpose of any such appropriation shall be deemed abandoned if three (3) years pass without any disbursement from or encumbrance of the appropriation unless extended by action of the City Commission.

DEBT MANAGEMENT

Policy #17:

The City will issue and comply with a comprehensive debt management policy.

INVESTMENT MANAGEMENT

Policy #22:

Forecasting of revenues and expenditures for major funds shall be accomplished in conjunction with the development of the annual operating budget in accordance with recommended practices of the National Advisory Council on State and Local Budgeting (NACSLB).

Policy #23:

The City shall annually seek the GFOA Certificate of Achievement for Excellence in Financial Reporting and the Distinguished Budget Presentation Award.

ECONOMIC RESOURCES

Policy #24:

The City should diversify and expand its economic base in order to relieve the homeowner from the most significant share of the tax burden and to protect the community against economic downturns. This effort should include the attraction of new businesses, retaining existing businesses, enticement of new residents, and tourism.

Policy #25:

The City should encourage economic development initiatives that provide growth in the tax base and employment for City residents as a first priority and in the County and region as a second priority.
